

## BOURNEMOUTH – Judge Mr D Winsley

Since I last judged the breed in my opinion the depth of quality in the breed has deteriorated. I thought the best dogs were in the top three bitch classes. Many dogs looked good standing but failed in movement. I feel the breed is becoming too 'narrow', the breed standard calls for "well sprung deep ribs", these are sorely lacking in many. Many shown with not enough body on them. The hindquarters are also quite narrow, lacking in strength and reducing the driving action. In many today their coats were not in the best condition, I understand exhibitors trying to save the coat for future shows, but it's sometimes better to take the 'dead' coat out!

JD (1) 1 Thomas' Tom Tricks Johan Tycadno. Wheaten youngster of a nice size and shape. He has a nice head, dark eye and keen expression. He has a decent spring of rib and depth of body. Well made hindquarters with a good tailset. Moved well behind but needs to tighten up in front movement. Coat not in top condition, but a happy showman and needs time too mature further.

PGD (3, 2) 1 Byrne's Carradine Howzat Howard. Red brindle with a masculine head and expression. Good in neck and shoulder, pleasing front. Mature body, nice overall shape and correct tailset. Took him a couple of tries moving but showed he can move correctly. Coat not at its best like many, showy boy.

LD (5, 1) 1 Inett & Harrison's Carradine In 'N Out Mr Sprout. Dark brindle boy of a nice size, all male with an assertive attitude. Nice head, dark eye, well defined stop with well placed ears. Good length of neck, angulated shoulders and level back, correct in loin. Mature body with a good spring of rib. Strongly well made hindquarters, correct in tailset. In very nice coat and condition, moved and showed well. CC & BOB.

2 Parker-Tucker's Tom Trick's Incredibly Ilay Of Uniquecottage. I liked this boy too, he has a very nice head, good stop and dark eye and well placed ears. Clean outline and overall shape. Good in neck and shoulder, mature body. In nice coat and a sound mover. Showed well and deserved the RCC.

3 Brookes' Seveek Danish Delight At Zetamaz.

SBD/B (2) 1 Hiam's Carradine Dottie. Copper brindle girl. Nice size and shape with a very, feminine head and expression. Good level back, nice body with a decent spring of rib for her age. A lively mover and showed well, carrying a decent coat. 2 McIntyre's Cannwood Quiet Whisper. Wh/brindle, good for size and shape. She has a nice head, a good body and balanced outline. Moved fairly well but lost out to first on coat.

MPB (4, 1) 1 Bubb's Wandris Strike A Light. A well grown silver, she has a nice head and expression, needs to develop further. Would prefer more width all through and needs to carry more body condition. She has a nice outline, level back standing and moving, correct tailset. A steady mover and in a good coat.

2 Goldfinch's Kanawha Never Say Never. Wheaten, I liked her very much but her outline was spoilt by the hump in her topline due to coat. She has a nice feminine head, good expression and well placed ears. Well made in front quarters and hindquarters, can drive off when settled. Needs more practice, promising puppy.

3 Osborn's Tweslam Be Gin The Magic.

PB (1) 1 Saich's Lindcoly Turn Back Time. Just seven and a half months old this silver brindle has a nicely balanced shape. Pleasing size, good head and expression for her age. Good in neck and shoulder, nice straight front. Nicely made body, well made hindquarters and moved with drive. In a nice coat, showed well for a baby. My BP and nice to hear she took PG2.

JB (4, 1) 1 Shannon & Storr's Doonrae Rebel Rebel Among Brenndarcy. Another with a nice balanced shape and size. She has a nice head with a good stop and keen expression, good length of neck. Well made body, level back and good tailset. In good coat and condition, moving soundly and showed well.

2 Soper's Elitecharm Showgirl. Wh/b. She has a very nice head and expression. Has a nice mature body and overall shape, good front and well made hindquarters, she is a lively free mover, shows well. Let down today by coat condition, thanks to her understanding owner.

3 Saich's Lindcoly Day By Day.

PGB (9, 1) I'm sure the first five will change places many times, nice quality.

1 Hooton & Hughes Penticharm It's My Party. Silver/wh of obvious quality, very feminine outlook. Ideal shape and size. I liked her head and expression, good reach of neck that blends into well angulated shoulders, straight front. Level back, good tailset. Mature body, good spring of rib, well made hindquarters. In a good coat, just would have preferred more width when she moved away. Steady showgirl.

2 Keeves' Seveek Everlasting Dream. Another silver/wh with lots of quality. Mature outlook, very pleasing head and expression, well defined stop. Good for length of neck, well made shoulders, level back and correct tailset. Well made body with a good spring of rib, in a decent coat and moving well both ways.

3 Harrison's Carradine Mary.

LB (3) 1 Inett, Harrison & Clayton's Carradine Jo. This silver with dark points appealed to me today for good type, reminded me so much of Ch Heshe Charmer. I really liked her head, well defined stop, correct ear placement. Good neck that blended into a level back, correct shoulder angulation, straight front. Mature body with a good spring of ribs and depth. Well made hindquarters with a good turn of stifle, correct in tailset. She was in a very good coat of the correct harsh texture, a nice sound mover both ways and showed well. CC, BOS.

2 Firth's Cairngold Chiquitita. Red girl, nice for type, just a little taller than first. Very alert girl, she has a very feminine head with a keen expression. Good reach of neck, level back with a correct tailset. Well made hindquarters, moves well both ways, in nice coat and condition, showed well.

3 Kinton's Cloverbrook Unbreakable At Woodthorpe.

OB (5) 1 Yates-Johnson's Pendleton Dinah. Grey of obvious quality and type. Nice for size and shape, very appealing head and expression. Good length of neck, good level back. Well made body with correct spring of ribs. Well made hindquarters with plenty of strength, knows how to use them. Moved well both ways, showed well. RCC.

2 Goldfinch's Tycadno Bright Star For Kanawha. Grey/wh with a nice head and keen expression. Good length of neck, well made in shoulders, level back. Mature body with a good spring of rib, nice overall shape. Well made hindquarters and moving well.

3 Thomas' Tycadno Yours Truly.

Judge: David Winsley
